FRENCH ADVANCE MILE; CAPTURE 450 HUNS

Smashing Blow Dealt Foe In Area North of Paris.

French troops hit the German lines a smashing blow early this morning in the area almost directly north of Paris, where the Germans were stopped after five days of fighting in their thrust toward the capital in the last and least successful of all their 1918 offensives, a month ago.

GAIN OF MILE

The attack was delivered along a two and a half mile front and at some points General Petain's troops pushed into the enemy positions for a mile. Two farms were captured and a counter attack, which was delivered against one of them was repulsed. Some 150 prisoners were taken.

HUNS SINK BIG NORWEGIAN SHIP

AN ATLANTIC PORT July 9—Another neutral ship, the Norwegian steamer Augvid, 2038 tons, bound from a French port for Baltimore has fallen a victim of a German submarine. A trans-Atlantic liner in port yesterday, brought the news of the sinking of the Augvid in mid-ocean on June — and also landed 21 members of the crew of 37 men. Three of the crew were drowned and the remaining 1 are unaccounted for.

The rescued men were picked up two days after the ship drifted helplessly for [illegible] resisting most of that time in an exposed and rain water which came from their clothing or caught in their caps. They were in a pitiful condition when picked up but by careful nursing on board the liner they had fully recovered when they reached here.

According to members of the crew who told their story to friends over the side of the liner when she docked the Augvid was attacked by the submarine on the 14th of June, about 200 miles off the Atlantic coast. The vessel was stopped by a shell from the gun and the crew had time to leave the ship before it was sunk.

MITCHEL'S BODY IN NEW YORK

NEW YORK July 9—The body of Major John Purroy Mitchel, killed in an airplane while flying in training for service in France was taken from [illegible] to a city where his former mayor

mourns in memory of him. Its former mayor.

A great throng of citizens stood silently in the corridors in the Pennsylvania station in which the casket was borne from the train. Under police escort and accompanied by men who were his intimate friends in life, the body was removed to the home of the major's mother, Mrs. James Mitchel. There it will remain until taken tomorrow to the City Hall.

Mrs. John Purroy Mitchel accompanied her husband's body on the journey to New York and she and the military escort were on the second section of the train and did not reach here until an hour after the body had arrived at Mrs. James Mitchel's home.

PLAYERS TO DROP ROSES

New York July 8. Among the floral tributes which will mark the funeral of Major John Purroy Mitchel [illegible] the most demonstration ever offered by the citizens of New York to the memory of one of her sons will be that paid by three squadrons of American aviators from the Hempstead field. The aviators [illegible] will drop roses on the coffin of the former mayor as it passes up Fifth avenue from the [illegible] to St. Patrick's cathedral this afternoon.

MESSAGES DELAYED

[illegible] cases of both Ambassador Francis and the Associated Press correspondent were sent to the American consul at Archangel and there delayed. How to get relief to officials who had fostered the Germans succeeded in completely cutting off the ambassadors communication with the outside world.

BRAIL GEN. SAVINKOFF.

London July 9—German newspapers now are pointing to Gen. Savinkoff who was war minister in the Kerensky cabinet as the man behind the anti-Bolshevik plot which is being secretly developed by the Allied governments to overthrow all those men whom Germany has found to be bought and [illegible] plans of aggression. A Moscow telegram published by the Wolff News Bureau of Berlin says:

DELTA PHI representatives, who closed their national convention at Charlevoix, Mich., a few days ago, don't believe in letting anything go to waste, so when they were through with the gay and other effects used in their banquet decorations, their flowers, left over souvenirs, and the like, they held an auction sale and disposed of them. About $100 was realized from this sale, and this money is to be used for the benefit of the settlement school in Tennessee. The sorority girls had been presented with little sorority arrowhead pins, and as the donor had had about two more than were needed, these extra ones were all disposed of in the sale.

Miss Dorothy Traver and Miss Marguerite Shafer were the local sorority representatives at the meeting. Miss Traver returned home Tuesday morning, but Miss Shafer remained over in Chicago for a few days visit with Miss Ellen Gross, who attended Millikin several years ago, and was a member of the chapter here.

The convention was a most delightful one in every respect. About 75 were in attendance. Every chapter in the country was represented by one or more delegates. The girls were glad to have the opportunity to meet the grand officers of the sorority.

The banquet, which was held on the Fourth, was one of the most delightful features of the convention. It was a "Blossom" banquet and was patriotic in every detail. Flags of all the nations were used in decorating for the grand feasts were given, and the good impression being that from the Yoho Inn, representatives from the same place filled the bowls to overflowing with many of the same delicacies. It will likely be five or six years before they return here.

The party has been finding good roads and they are enjoying the trip immensely.

Miss Opal Wiseman was hostess to the Alpha Chi special alumnae this afternoon at her home. The young women expected to talk over the matter of the French orphan they are to adopt. Most of the afternoon was to be spent in work.

Mr. and Mrs. W. M. Wood will probably not be back from their automobile trip to Elkhorn Lake, Wis., this Saturday or Sunday, as they have decided to take a few days longer than was first intended.

The Reading circle had its weekly meeting this afternoon with Mrs. E. B. Tyler.

Mrs. Charles G. Powers and Mrs. Jack Powers returned home Monday evening from Louisville, Ky., where they visited Jack Powers at Camp Taylor for a few days.

MARRIED.

BOZELL-POOL.

James W. Bozell and Rosetta E. Pool, both of Danville, were married in Decatur Monday afternoon, the ceremony being performed by Squire H. Morris at the court house at 2:30 o'clock.

STRICHER-ANDRICK.

John Stricher, son of Mr. and Mrs. John Stricher, 2000 East Main street, and Miss Grace Marie Andrick were married Monday afternoon at 1:15 at the parsonage of the St. Johannes' Reformed Lutheran church. Rev. William Heine performed the ceremony. After the wedding a supper was served at the home of the bride's parents, Mr. and Mrs. C. O. Andrick 129 Central street.

The bride is a graduate of the Decatur high school, and of Brown's business college. She has been employed for the past six years at the Standard Oil company offices. Mr. Stricher expects soon to be called into the service. Until he leaves they will make their home with his parents. Mrs. Stricher plans to continue her work after a short vacation.

MR. AND MRS. W. H. SUFFERN and Mr. and Mrs. T. P. Matthews, who are on an automobile trip to the east, have reached Syracuse, N. Y., according to a telegram received by Mr. Harold Kenney, daughter of Mr. and Mrs. Suffern, Sunday. Mr. and Mrs. Matthews will leave Mr. and Mrs. Suffern at Syracuse.

Mr. and Mrs. Matthews expect to go on to Carlton, N. Y., to visit Mrs. Matthews' relatives. They will probably remain in the east several weeks. They expect to stop in Decatur again on their way to California.

Mr. and Mrs. Suffern will make a more extended trip to the east. They are planning to go through Maine, to Canada, and down to Virginia, and New York, and down to Washington, and will also stop in Michigan, and other places. I will likely be five or six weeks yet before they return here.

The party has been finding good roads and they are enjoying the trip immensely.

Mrs. Opal Wiseman was hostess to the Alpha Chi special alumnae this afternoon at her home. The young women expected to talk over the matter of the French orphan they are to adopt. Most of the afternoon was to be spent in work.

Mrs. Charles G. Powers and Mrs. Jack Powers returned home Monday evening from Louisville, Ky., where they visited Jack Powers at Camp Taylor for a few days.

MR. AND MRS. E. S. POLSON and two children, Ora and John, motored home Monday from a short automobile trip to Franklin, Ind. It wasn't an automobile trip all the way, as when they reached Hume on the return trip they found the roads on to Decatur were so muddy that they decided to leave the car at Hume, and return the rest of the way by train. Going over to Franklin last Friday they had splendid roads all the way, and had a fine trip.

They were accompanied home by Miss Catherine Thompson of Franklin who will make a visit at the Polson home here for a few days.

Mrs. J. G. Bixby of Lincoln, who has been here visiting Mrs. R. R. Montgomery and Mrs. D. Y. Stafford, a sister of Mrs. Montgomery, underwent an operation Monday morning at the Decatur and Macon county hospital. She is getting along nicely now. The operation was not a serious one. When Mrs. Bixby came over for her visit here she had no idea of an operation, but when she found that one was necessary she decided to have it done at once. She will be in the hospital probably for a week or more. Her both a Mrs. C. D. Bartholemew, and Mr. Bixby are both here with her.

Mrs. Stafford, who has been making an extended visit here and at other places in this vicinity, will leave Saturday for her home in Mansfield, but she goes by way of Chicago, where she will stop for a few days visit with friends. During Mrs. Stafford's stay here she has been the guest at a number of parties.

What Every Woman Wishes

Every woman, be she young or old, who needs to wear glasses, wishes to appear her best when wearing them. To all women who take pride in their personal appearance we have a message that will interest them greatly.

It is no longer necessary to detract from one's looks through having to wear glasses. In fact perfectly fitted lenses of just the proper size and shape, will make the eyes appear more lustrous and give them a brighter, snappier look than going without them. The beautiful new mountings which we are fitting are commendable for their style and modishness.

"We know how to make you look your best in glasses."

OPTOMETRIST J. Frank Wallace EYE SERVICE

DISCIPLINE IS ONLY BUSINESS

Lieutenant Scott McNulta to Rotary Club.

Lieutenant Scott McNulta of Camp Grant gave the Rotary club one of its most vivid pictures of the military training in United States camps which the club has yet had, in his talk before the members at the annual meeting Monday evening at the Hotel Orlando.

Lieutenant McNulta dwelt especially on the need of discipline and on the value of that apparent gap which exists between the officers and men in the army.

IT IS BUSINESS.

The relation between the officers and men, said he, was one in which military business, so to speak, furnished the only real bond. The relation was not social any more than the relation between one business man and another or between a business and his employes. It is not a question of human or social equality. It merely a question of military efficiency and what is best for the service.

RANK AND FILE

The Germans insist on discipline and from pamphlets which have been recently discovered the demand is for even more strict discipline than in the past. The officer must represent only the sterner side, the business side, the wholly impersonal side of the life. This gulf between the man in the ranks and the officer is a necessity. It must be maintained.

WANT TO GO ACROSS.

The men, said Lieut. McNulta, are worried only about one thing. They are willing and anxious to go across and to get into the fight, but they are worried about their dependents and the greatest service that the people back home can give the men is the assurance that their wives and families will be taken care of as they should be and the men in the service are looking toward just such men as the Rotary club represents to stand back of and support the home service work for the benefit of their families.

TO AID FAMILIES.

President Millikin suggested that the club take up the duty suggested by Lieutenant McNulta and he called attention to the work of the Home Service committee of the Red Cross.

Dr. M. P. Parrish stated that any Decatur surgeon would be glad to operate with out cost to any man who needed surgical aid to fit him for the service.

C. A. Burks said that Decatur real estate men would certainly handle any property left in their hands by soldiers with the least possible cost to the man who serves.

BUSINESS.

Daniel Bonus, the retiring secretary, before turning the books over to the new secretary, G. Roy Eshelman, presented his annual report and financial statement. Three members of the club had been present at every meeting of the club for the year and twice as many had missed only one meeting.

Porter J. Millikin, the retiring president, then turned the gavel over to the new head of the club, H. C. Schaub.

ARMY TRAINING IN LOVINGTON SCHOOL

Lovington, July 8.—D. L. Hollenback of Terre Haute has been employed to teach manual training and agricultural at the high school. He will have charge of the course in military training which the board has added to the curriculum this year. School opens September 9. There is still a vacancy in the history department.

L. W. Chatham principal of the high school is spending the summer at Frankfort, Mich., where he is manager of the Congregational Assembly grounds.

Mart Bridwell returned from Mattoon Friday after a few days visit with his sister, Mrs. Mary Pratt and family. He had not seen her for sixteen years.

Rev. Cox a former Lovington boy, went to Camp Dodge, Ia., recently and was rejected on account of heart trouble. He is the son of Mrs. W. H. Harte and lives with his mother at Fement.

Will Long was here from Danville Sunday.

S. P. Drake returned Saturday from Orchard Mains, Mo., where he has been looking after his wheat crop. He reports prospects for big crops.

Will Thomas is spending the week with relatives at White Hall and Farmington.

Russ Coward was here from Lincoln last week visiting home folks.

Mrs. H. C. Cheever took her son, Earnest to Augustina hospital in Chicago Sunday, where he will undergo an operation on his leg.

Sunday night's rain made the roads very muddy.

H. Hester and family of Newton spent Sunday here with Mrs. Hester's parents, Mr. and Mrs. Al Dawson.

Public Library News.

Miss Esther Lou Bergen, of the public library staff, has returned to duty after spending her vacation at her home in Springfield.

Miss Bernice Brong is taking her summer rest at this time. She will probably spend most of her vacation in Decatur.

Miss Bernice Barbey has entered the public library to take the library apprentice course of three months, after which she will probably become a regular member of the staff.

Books for soldiers continue to come into the library but no shipments have been made since the sending of 1,000 volumes early in the spring. It is supposed that the war library committee will call for more books as the cantonments are filled up again by the later drafts. Many books are also being shipped abroad for the use of the men in the camps in France.

H. B. WILSON TO BERKELEY, CAL.

News Comes in a Letter From Miss Mabel Wilson on the Coast.

Miss Mabel Wilson, who is spending the summer in Berkley, Cal., has written to her sister, Mr. C. C. Mills telling of the election of H. B. Wilson as superintendent of the city schools in Berkley. Mr. Wilson is well known in Decatur. He was superintendent of the school here about five years ago. He went from here to Topeka, Kan.

TALK OF MARTIAL LAW FOR RESISTERS

Little Rock, Ark., July 9.—Whether martial law shall be proclaimed in Cleburne county, Arkansas where a band of alleged draft resisters has been hiding in the hill country since Sunday defying a large force of deputy sheriffs and soldiers depended today upon reports to Governor Charles H. Brough by Colonel Leonard Ellis, commander of the Fourth regiment, Arkansas National Guard whom the governor late last night sent to take charge of the situation.

The governor has declared he will take any steps deemed necessary by Colonel Ellis.

DEVELOP METHODS FOR WOMAN'S WORK

Washington, July 9.—Establishment of a woman's division in the department of labor, as authorized by congress, to develop policies and methods for a more effective use of women's services in war industries, was announced last night by Secretary Wilson.

Miss Mary Van Kleek, chief of the woman's division of the ordnance bureau, is named chief of the new division, and will have as an assistant Miss Mary Anderson, supervisor of the women's division of the industrial section of the ordnance bureau.

GOLD STAR FOR THEO KNOFSKI

Review Employe Dies of Injuries in France.

A gold star now goes into the service flag at the home of Theofil Knofski, in the St. James Catholic church service flag, and in the service flag of The Review. A letter received by his parents Monday stated that Theofil Knofski had died of his injuries received in service in France. Evidently he was injured on June 8 and he died that same evening without ever regaining consciousness.

family will immediately take the matter up with the war department for some official confirmation. The matter will be traced until finally settled. The paper used in the letter from the sister in the hospital had the usual printed caption of "With the British Expeditionary Forces." In one place it stated, "in active service" and in another "In His Majesty's Service." As to where he was located the letter gives no idea, but it was stamped from an army postoffice and marked 53 C C S.

DIED WITHOUT SUFFERING

The letter stated that he had died the same evening that he was brought to the hospital, that he died peacefully and apparently without pain, that the priest had gone to his bedside several times, but he had always been unconscious. The fact that he was of that faith is made known by special identification cards carried by Catholic soldiers giving their names and addresses and requesting that the nearest priest be notified.

HIS LIFE

Theofil was the son of Mr. and Mrs. Fred Knofski, who are residing five miles south west of Decatur. He was born December 8, 1894, in Pottawatomie, and came to Decatur with his parents when but two years old. He is survived by his parents and the following brothers and sisters: Paul, Knofski, now at the Great Lakes station; Cecil Frank, Orville and Otto, all living at home.

He left for his first summer in the army for draft contingent that went to Camp Dodge, and after that wrote home some very interesting letters, which are published in full elsewhere in this issue. The funeral of Theofil will be held from the St. James Catholic church, with a requiem high mass at 9 o'clock. Interment will be made in Calvary cemetery.

THOMAS L. BAIN.

Decatur Man Dies at Great Lakes of Appendicitis.

Thomas Tate Bain, son of Mr. and Mrs. Charles Bain, have the following [illegible] Monday afternoon [illegible] of the Great Lakes Naval training station, died of appendicitis. He was taken Monday night to the hospital and on June 30 was operated on. Later another operation was found necessary. His mother and brother, James Bain, Jr., visited him at the Great Lakes hospital last week returning home only a few days ago. When they left him he was in good spirits and seemed on the road to recovery. No word to the contrary was received until the message announcing his death.

Thomas Bain was well known in Decatur and had a great many friends among the young people. For three years before he enlisted in the navy he was employed as an apprentice at the Wabash machine shops. He was the youngest son of Mr. and Mrs. James Bain of 1021 East Condit street. Besides his parents he is survived by a brother, James Bain, Jr., and five sisters, Mrs. Maggie Neo and Mrs. Maude Bartish of Taylorville, Mrs. Esther Tracy of Peoria and Mr. Jessie [illegible] and Miss Jane Bain both of Decatur.

The body will be brought to Decatur this evening and will be taken to the Mount Gilead undertaking parlors for the funeral.

HIGHER PRICE FOR WHEAT FLOUR

Freight, Sacks, and Lower Feed Price.

Higher freight rates, lower prices for feed, and the higher cost of cotton sacks will add about 25 cents to every 49-pound sack of flour within a short time, the flour millers say.

If flour could be sold in paper sacks the cost to the consumer could be lowered about 15 cents a barrel or over 10 cents a sack.

FEED LOWER.

Prices for feed are to be about $10 a ton lower than in the past, and as the price of flour and feed together must make up the cost of the wheat to the miller it will be readily seen that when feed goes down flour must go up and the reduction in the price of bran and chicken feed, which is one of the by-products of the milling of flour, means that flour must advance.

NOT WHEAT INCREASE.

The increase of price of about 25 cents for a 49-pound sack has nothing to do with the proposed increase in the price of wheat suggested by Secretary McAdoo, which the president evidently will not approve. That increase, it is said, will be in addition to the one caused by the higher freight rates, especially sacks and the decrease in the price of feed.

WANT MACHINES FOR RED CROSS

Should Be Sent to Headquarters Work Shop, Pine and East Main.

The surgical district at Red Cross headquarters has kindly offered to help the garment department on a recent large quota of garments but have no sewing machines. Will three or four women kindly donate machines for the coming month? The machines are to be sent to Red Cross headquarters, corner of Pine and West Main street.

MARY W. FRENCH JR. RED CROSS

Will Meet at School Wednesday to Work on Comfort Kits.

The Junior Red Cross of the Mary W. French school is to meet at the school Wednesday afternoon at 2 o'clock to work on a special order of comfort kits for the army boys. The children will make the needle books for these comfort kits and also will make 512 little white bags, to be filled with buttons.

It is hoped that all the children will be on hand to help in the work. The boys as well as the girls, are to come.

FOUND FATHER DYING IN HOME

David Mills, Despondent Commits Suicide.

David Mills, formerly of Taylorville, committed suicide Monday afternoon at the home of his daughter, Mrs. George Braden, 551 North Oakland avenue. He took carbolic acid. Mr. Mills had appeared despondent for some time, but no one suspected that he intended ending his life.

Mrs. Braden had left the house about 1:30 o'clock Monday afternoon to go down town to do some shopping, and on her return, about 2:30 o'clock she found her father lying on a pallet in his room on the second floor of the house. Beside him lay a glass from which he had drank the poison.

Dr. Nelan was called at once and worked with Mr. Mills for some time, but was unable to revive him. Coroner L. A. Munson was notified and the body was removed to the Munson & Wilcox undertaking establishment and prepared for burial.

CAME IN SEPTEMBER.

David Mills came here from Taylorville last September to make his home with his daughter. He would have been sixty-eight years old in October. Mr. Mills was born in England Oct. 6, 1850, coming to America early in life. He is survived by the following children: Mrs. Carrie Yeckley of Taylorville, Mrs. Edna Braden and Mrs. Essie Braden of Decatur, Fred Mills of Taylorville, Clyde Mills of Pawnee, Ill., and Claude Mills now in the naval service on the United States Ship Ohio. He also leaves three brothers, Chris and brothers Mrs. Sarah Avance of Taylorville, Mrs. Lizzie Land of Ohio, John Mills of Mt. Auburn, Albert Mills and George Mills of Taylorville, and James Mills of Stonington. There are six grandchildren.

The body will be taken to Taylorville for interment.

BILLY SUNDAY TO UNDERGO OPERATION

Boston, Mass., July 9.—Billy Sunday, the evangelist came here today to undergo an operation at a local hospital. It was learned that Sunday has been suffering from hernia. Mrs. Sunday accompanies her husband.

Much Red Cross Work.

The members of the Sans Souci club have been meeting once a week to sew for the Red Cross at the home of Mrs. L. L. Bartlett on West Macon street. In 12 days they have made 70 convalescent suits, 25 comfort kits, and 1,953 shot bags. A number of the women have gone away for the summer so the report represents the work of all of the members of the club.

PATRIOTIC TALKS TO GRACE LEAGUE

Cecil Bass and Homer Hoewing Soon to Enter Service.

There was a good crowd at the flower social of the Epworth league of Grace Methodist church Monday evening. Miss Nellie Camp head of that department, with a number of assistants had decorated the room with flowers and ferns.

Lloyd Moffett, president of the Epworth league gave a short talk inviting the young people to the Epworth league services on Sunday evenings.

Cecil Bass, who left Tuesday for the Great Lakes Naval Training station, and Homer Hoewing who will enter the service soon, were called upon for talks and each responded with a short patriotic speech. Refreshments of frappe and cakes were served.

The evening was closed with the singing of 'Keep the Home Fires Burning,' and 'Blest be the Tie that Binds.'

Church Notes.

The Messenger club of the First Christian church has postponed its meeting which was to have been held Thursday to Thursday one week. It will take place at the home of Mrs. Richardson, 1245 East Logan street.

RETAIL GROCERS KEEP A RECORD

Of Sugar Customers to Detect Violators

Retail grocers are being reminded by the food administration that regulations going into effect July 1 require them to keep a record of all sugar sales with name and address of every customer and the number of pounds of sugar sold.

This will be used in detecting any who violate the regulations by buying sugar in excess amounts.

WANTS ALLOTMENTS.

The Decatur retailers are also requested by Frank L. Evans, city food administrator, to send to him by postal card the number of pounds of sugar certificates received by them, and if they think this will not supply 70 per cent of their demand, and estimate how much will be necessary to do that.

MT. ZION.

Miss Lida Armstrong, Miss Ruby Scott, Roy and Mrs. L. D. Laswell motored Sunday from the state C. E. convention at Springfield, where they represented the Presbyterian Christian Endeavor society of Mt. Zion.

Miss Bernice Greathouse, Miss Gladys Green and Miss Raby of Toledo, were guests of Mr. and Mrs. Laswell over Sunday. They were delegates to the state C. E. Convention at Springfield.

Mrs. L. D. Laswell and a group of Junior Christian Endeavorers of the Mt. Zion Presbyterian society participated in the convention at Springfield and were awarded a pennant for being a superior society. The juniors were Russell Britton, Earl Karch, Luelle Wilson, Dorothy McGaughey, Claire Readhead, Mary Readhead and Coula Britton.

The convention echo meeting will be held on the evening of the July 21 at the Presbyterian church. Convention songs and yells together with the reports of the delegates will be heard.

SAYS DANGEROUS VARICOSE VEINS CAN BE REDUCED AT HOME

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way.

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two ounce bottle of Moone's Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves goitre and wens and causes them to disappear. It can be secured at any pharmacy.

DECATUR SOLDIER IN BIG PARADE

William J. Mundwiler in New York Procession.

William J Mundwiler who is in the 18th Company third regiment M M C amp Long Island writes interesting letters to his mother Mrs Carrie Mundwiler 226 North Fifteenth street He is twenty-two years of age and enlisted last December A recent letter to his mother follows

Camp Upton N Y

"I arrived in New York west Friday night It's now Sunday and I got to write a few lines to let you know I'm still alive and kicking We certainly had a wonderful time on the train The most of us had never been out of Illinois before so you can imagine how we were carrying on We reached Long Island City about 8 o'clock Friday morning and detrained Then we marched to the ferry boats and crossed the river to Manhattan Island We marched up Fifth avenue to Forty-second street and then to the Grand Central station Here we got on another train and rode to Camp Upton

The camp is situated on Long Island about sixty miles from New York City It is a new camp and is built entirely of wooden barracks Each company has a mess hall and kitchen of its own Our company is the first one to eat in the mess hall and we had a dandy meal of roast beef mashed potatoes gravy bread butter and coffee

We have been issued our uniforms and equipment and are now getting our shots for typhoid and paratyphoid fever We will get shots for smallpox and tetanus later on We have been issued our rifles and have been drilling with them We have been drilling every day since we arrived here

We are in quarantine for two weeks so we will not be allowed to go to New York for that length of time

Well I guess I will close for this time Will write again soon Love to all

REPAIRING ROAD TO FARIES PARK

Conover and Becker in Joint Arrangement

Highway Commissioner Conover yesterday had the leveler outfit on the Faries park road This road is now in excellent condition except one or two spots where permanent drainage is needed The road does not get nearly as much travel as some of the other roads in the township especially east of the intersection of the Green Switch road The next car of oil received by the township will be applied to this road

At the outskirts of the city where the highway is a continuation of East Locust street the road is pretty badly worn from years of heavy traffic There are holes which filled up with water when it rains and which make [illegible] going at all times There is no way of repairing these holes except by putting on a new coating of gravel or by tearing up the road and resurfacing Commissioner Conover will put a sprinkler on the section for it up and resurface it before oiling Commissioner Becker has promised to do same for the portion of the road that is inside of the city

The rain has interfered very seriously with the oiling of roads in the township

Commissioner Conover says that when a heavy rain falls soon after the oil has been applied a large part of the oil is washed away and lost A car load of oil is now on the tracks waiting to be applied

The highway commissioner says that the use of oil on gravel roads is still an experiment and he is far from convinced that it is a success On earth roads it is a different proposition In spite of the oil the gravel seems to wear or ravel into holes and these holes are not repairable In any means that has yet been found If they are filled with new gravel this is thrown out by the wheels of automobiles inside of forty-eight hours

RUSSIAN NIGHTMARE.

Of [illegible] would not look heavily on what occur in Russia next week next month or next year That [illegible] is probably wholly mixed as far as [illegible] purposes as any other [illegible] in the world's history

At other times when other countries [illegible] anything like similar [illegible] there was little progress toward lettering the streets with a [illegible] was of little change and the Arab the stork and the [illegible] always on hand when [illegible] have gone to [illegible] but [illegible] because the curbing [illegible] was not to be had

There was [illegible] that [illegible] in the fortune [illegible] showing for nearly a year has been about as [illegible] be imagined all larger [illegible] the world owed once [illegible] were [illegible] mitted [illegible] in the forms of [illegible]

And yet many who [illegible] that the [illegible] man and [illegible] men [illegible] even [illegible] are people [illegible] so when the [illegible] are [illegible] that [illegible] easily [illegible] the outlook

But [illegible] stone with [illegible] for [illegible] thing for [illegible] this it can [illegible] the earth [illegible] fore has been known [illegible] guessing

GOOD COAT RATION

There's talk to the effect that people next winter will be put on a coal ration [illegible] to the limit [illegible] in the [illegible]

If he will [illegible] and [illegible] in store plenty to last him well into next spring He does not stand in the way of [illegible] by stocking [illegible] different if he waits until winter

He then will be denied [illegible] more coal than can be moved Perhaps [illegible] no difficulty in getting it out of the ground but there is a limit to the quantity that can be moved [illegible] over this mild winter in the winter months

If you wait until winter [illegible] into the fall months to put in that coal there will be some one around to say how much you have a right to have The man to [illegible] enough to keep your home heated to 65 degrees and even if a must be used a certificate [illegible] may be you are not a good enough fireman to get all the degrees with the coal permitted and then the thermometer in your house will drop

There is a way a good citizen can [illegible] If you will put in the coal during these winter months you are the one who will be permitted to say how much will be needed to keep the home comfortable If you put this off there will be [illegible] else to [illegible] for you

By putting [illegible] you will [illegible] disposition to help solve [illegible] problem that is ahead If you [illegible] now there may be a day [illegible] to say you are entitled to be entirely comfortable

SHOULD HAVE COME EARLIER

At this distance one judges it would have served the purpose better if the inspection authorities had got busy months ago on that boat that was sunk in the Illinois river near Pekin

We learn that the boat was forty years old The story is that it was wrecked by going onto a sandbar The shock of going on this bar was not a very severe one but at that it was too much for the boat Probably this means the forty years had told on the old hulk

W J Mill was captain of the Columbia the ship that sank He says the investigation will show that all preliminaries [illegible] and running the boat were complied with There had been [illegible] and all the needed papers were secured These papers were notice to the public that the boat was safe for passenger service

But was it safe? It was badly [illegible] going onto a sandbank [illegible] that it was not at all [illegible] You can expect that a [illegible] river service will now [illegible] into a bank If it will [illegible] that [illegible] it isn't fit [illegible]

[illegible] measure up [illegible] still [illegible] in river [illegible] Ottoman people [illegible] ing [illegible] pers [illegible] [illegible] with the [illegible] ap- [illegible] was too old [illegible] [illegible] to the Big accidents for such things [illegible]

NOON HOUR IN CENTRAL PARK

F. R. Foster Tells of Great Achievements.

Great achievements which are accomplished by those who hold forth in Central park at the noon hour are ably set forth by F. R. Foster of the Morehouse and Wells company, popularly known as "Decatur's James Whitcomb Riley." In his communication to The Review, Mr. Foster says

THE NOON HOUR

I sat in the park the hour it was on
And I hankered to write me a poem
I heard of the great daily questions discussed
How the problems of life they could treat and adjust
With logic more lengthy than usual

I learned who it was real started the war
And what they had hoped to attain
I learned though I often had heard it before
That the Kaiser was really insane
I learned how a victory might be obtained
And the war swiftly brought to a close
Upon whom the lack of results could be blamed
If the Germans were not quickly captured and slain
And likewise the rest of our foes

I learned what it was that congress must do
To make [illegible] win
What part in their acts [illegible] favors or foes
And to what ends lob they semper
I learned why [illegible] with Pat
forever
What really should happen to all
Some gave him six months and others said "life."
While other contended that [illegible] were
That he simply had paid for his sin

I learned in dry weather we never have rain,
When it rains all the time it is wet,
I learned why the grasshoppers eat up the grain
Why the sun always rises and sets
I learned why it blew, I learned when it snowed,
The price we should pay for our bread
And how old was Ann and why roosters crowed
I learned why the old hen was crossing the road,
And that Hindenburg really was dead.

I learned that the white coal beside of our town
Who were toiling away in the heat,
Were really not seeking the path of renown,
But were working for something to eat.
I found that around me were "shoulders" of note
Who some anxious records had made
Who were doing their splendid [illegible] to save all the crop
Were piling it up round the [illegible]
While they sat on a bench in the shade

No friend if of knowledge I felt would partake
As out on life's sea we [illegible]
Dear pastor with college [illegible] mistake
Those old fashioned systems of learning forsake
And get you a hoe in the path.

You Can Save Soap on Washday

Saving soap is an essential economy these days. Not only for the housewife, but because the country needs soap fat. Boiling water on washday wastes soap tremendously—yet, without boiling water many soaps will not produce good results.

The economical way is to use a naptha soap, like Fels-Naptha, in cool or lukewarm water. Fels-Naptha's splendid cleansing qualities conserve the soap, yet search out the dust and grime without hard effort on your part, and without needing the aid of boiling water and hard rubbing.

When accustomed to its use, you will be surprised how little Fels-Naptha it takes to do all your washing and cleaning.

Simple directions are printed inside the familiar red and green wrapper.

OLD AGE A CRIME

Some people are young at 60—red checked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen, up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feel dreg without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.

MILLS GRINDING MUCH CORN

Every Pound Made Into Food Products.

The corn mills in Decatur are grinding immense quantities of corn and the Staley starch mills are turning every pound of corn the machinery will handle into food products. The demand is insistent and if the mills had larger capacity they would be sending out that much more product.

Corn starch for food is for mercenary purposes is now being shipped by the hundreds of tons and the crude corn oil which the company extracts from the kiln in the starch making process is going to the central markets where it is turned into lard substitutes and cooking oils.

PILLING STAVES

The corn millers believe that the wheat substitute rulnk will be continued at only a basis of 20 per cent for the bakers and perhaps 50 per cent for the ordinary consumer. In that case that if the present wheat crop came through in good shape made at New York some few weeks ago were to that effect and the corn grinders believe that there will be the change made in a short time.

This will give the food administration a chance to help a wheat reserve and at the same time lessen the present high prices of substitutes in bread and in retail sales.

TO BUY HOUSE FOR WELFARE HOME

Big Sisters' Club Has Meeting and Hears Good Report.

The Big Sisters' club met in their regular meeting Monday night at the home of Mrs. Caroline Kelley, 711 Greenwood avenue.

Report showed that over $200 had been raised within the last few days toward the Welfare Home.

The place will be purchased today and incorporated. The women decided to hold mass meetings one next Tuesday night at St. Peter's A. M. E. church and the following Tuesday evening at the Church of the Living God.

The mass meeting held last Sunday at Antioch Baptist church was somewhat hindered by the bad weather. Nevertheless, there was a fair attendance and $15.25 was added to the fund. As soon as the place is vacated it will be cleaned and prepared for rental for the present.

Reports of the Big Sisters' club showed that during the past year $67 had been given to charities, $15 for flowers for the sick, 105 pieces of clothing distributed to the needy, four tons of coal and five grocery orders given to needy families and many visits made to the sick.

Mrs. Luella Ring was elected last evening as delegate to the state federation which is held in Bloomington, and Mrs. Lucy Dillow as alternate.

GEORGE H. LYON DIED TUESDAY

Long Popular as Wabash O. R. C. General Chairman.

George H. Lyon, general chairman of the Order of Railway Conductors Wabash Railway, died in a St. Louis hospital Tuesday morning. His death was due to a stroke of paralysis the third. The first came some three years ago in the Wabash hospital at Decatur. His home was in Ann Arbor, Mich. where he went to educate his children. The affairs of his office kept him a large part of the time in St. Louis although he was a familiar figure in Decatur and indeed all along the Wabash system. He leaves a wife and four children. Two of his sons are in France and one is at home. His daughter married.

George H. Lyon was a splendid example of self made man. He was a conductor on the Wabash when he began to take an active part in the affairs of the road for his fellow workmen. He was instrumental in the organization of the Order of Railway Conductors on the Wabash system and was active in the work which has brought to the conductors of that road the many benefits which they now enjoy. He was a man of strong personality and the manner in which he was stricken by the members of the O. R. C. here formerly a district division point and this city was highly appreciative of Mr. Lyon's work. Mr. Lyon was a member of the Masonic fraternity and has been employed by the railroad for many years. He was about 55 years of age. He leaves a wife and four children.

REGISTRANTS BEFORE BOARD

Only Eighteen Have Failed to Report

Twenty-two city registrants appeared for physical examination before the city exemption board Monday night. All but five of them were found to be physically all right. The examinations will continue this evening, Wednesday evening and Friday evening.

There are only sixteen city registrants who have failed to return their questionaires to the exemption board. Most of these are either in the army or the navy and it is known that a few were out of the city. All will shortly be called for within a few days.

The examining board have been ordered to notify those that have failed to report to report at once or face the consequences. Those who have been rejected will be given a chance to try again if they desire to do so.

WORKING ON THE REGISTRATION

It Must Be Completed By Wednesday Night

Mayor Staley says that a statement is asked for by the federal bureau in the department of labor, to the effect that the registration of Decatur and Macon county is complete. The statement must be made by Wednesday night and it is known that many have failed to register. Efforts will be made to get these persons to register before the time limit expires.

HELD FOR MURDER OF AN OLD COUPLE

Frank Allen Arrested in Decatur for 1916 Crime.

The search for the third man implicated in the brutal murder of Mr. and Mrs. Becker aged residents of Mason City, Ill. ended in Decatur early Sunday morning it is charged when Frank Allen employed as a flue-blower at the Wabash round house was arrested by Deputy Sheriff T. B. Drake for the murder committed a year ago last December and was hurried out of the city and placed in jail at Peoria.

HALTERED CONFESSION

[illegible] deputy making the arrest did not want to tell the particulars but did impart the information that the man was wanted for a murder committed nearly two years ago. The search for the murderers has been on ever since the crime was committed.

TOO LOVELY

The murder of Mr. and Mrs. Becker at Mason City on the night of December 16 was one of the most brutal ever known. The aged couple did not believe in banks and they were generally believed to have large sums of money hidden about the farm. On the night in question their hands were tied and next morning their battered bodies were found in the ruins. Seven bullet wounds were found on the body of the old man while the face of the old woman showed that she had been terribly beaten. Both were believed both had been killed in an effort to get them to tell where the hoarded money.

THIRD TRIAL

The double murder attracted wide attention and [illegible] were used and followed many trails that failed to bring result. The most [illegible] four or five days on the [illegible] days of the inquest a letter with the name Lefty Lee signed [illegible] a skull and [illegible] was received by [illegible] that a certain [illegible] would be found [illegible] writer himself [illegible] The postmark [illegible] showed that the letter had been mailed in Memphis, Tenn.

SLOW TO MOVE

It was understood that the [illegible] of the case had been [illegible] Allen who had been [illegible] Mason City several weeks prior to the murder. Who [illegible] in the city left for Missouri [illegible] officials [illegible] finances [illegible] arrest of the [illegible] and [illegible] all that when officers [illegible] arrest with him. He was not [illegible] NEMENT. That was [illegible] days ago in which time [illegible] was [illegible] and is [illegible] to [illegible] in Chester penitentiary. The man with whom he left from Mason City is believed to be the one who gave the officers the tip that led to the arrest of Frank Allen in Decatur Sunday.

In the mean time Will Becker, a son of the aged couple was charged with the crime and died [illegible] was a quilted, and since then he and others have been working unceasingly to round up the murderers.

FROM MASON CITY

It is said that Frank Allen on the night of the murder was a heated fifty man at Bolinger's roller skating rink in Mason City. He drifted away from there and was lost track of. He showed up in Decatur a short time ago and got a job at the Wabash round house working at night. Sunday he was working for another man who wanted off. The deputy from Mason county would not give Allen time to change his overalls or even wash up.

It is said that the third man is where the authorities can arrest him at any time, and he may be in custody before this.

KANSAS HAS QUEER CLIMATE

Decatur Weather Man Tells of Heat, Storm, and Then Cold.

J. H. Coonradt, Decatur's weather man who is visiting at LaCygne, Kan., where his brother, Philo, is very ill, writes back that on July 8 the day he wrote, he was shivering after an awful hot and dusty day. The day before the wind blew clouds of dust into and through the houses, so that everything was covered. The house thermometer was at 100 degrees the day before and 60 the day of writing.

Mr. Coonradt said that his brother was still very sick, and at one time they thought he was dying.

ASK EXEMPTION I. O. O. F. HOME

Mattoon, July 9—Attorney Harris of Gatesburg, representing the I. O. O. F. home appeared before the Coles county board of review, asking that the Odd Fellows Home here be exempted from taxation claiming that it was not legal to tax an institution of this kind.

Recently the Masonic Home of Sullivan which owns over 100 acres of land near Sullivan where the home is located, carried a similar case to the Illinois Supreme court and this court reversed the decision of the Moultrie county board of review and held that the property there was non-taxable.

SEVEN FROM J. M. U. FOR TRAINING

Faculty Council Announces Its Selections

The Millikin university faculty council has selected the seven men who will go to the instructors' training camp at Fort Sheridan July 18.

SEVEN SELECTED

The seven men selected to represent the Decatur school are as follows:

Wilbur Miller, senior.
Ben Montgomery, senior.
Floyd Brenner, junior.
Preston McClelland, junior.
William Shive, junior.
John McRobert, sophomore.
Don McCallum, sophomore.

Three of the men are members of the Kappa Delta Chi fraternity, two of the Phi Gamma from the S. A. E. and one is a non-fraternity man.

The United States government asked that the president of the university pick out men who were strong in morality and of good physique and endowed with qualities of leadership.

About thirty men applied for the places and Dr. Lucy L. Taylor reports that it was difficult to choose between them. Practically all of them met the requirements of the government.

All the men who will finally be selected have been offered a place in the Millikin battalion and some of the men have been training elsewhere. John McPhee is having difficulty securing a release as the services of Miss Miller has been an asset to the band as drum Major. Montgomery, McClelland and McPhee are Boilermakers and Dan McCallum, corporal, so that all the men will enter their training with at least the rudiments of the art of arms and the command of men in quick formation.

All of the boys are Methodists except Dr. Taylor and Frank Miller who comes from Lutheran.
